PROFILE SUMMARY

Enthusiastic MCA (AI & ML) student with hands-on experience in building and deploying machine learning models and AI-powered applications. Skilled in Python, data preprocessing, and model evaluation, with a strong interest in real-world AI solutions, NLP, and intelligent systems.

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript

ML & NLP: Regression, Classification, Decision Trees, TF-IDF, Sentiment Analysis, Model Evaluation

Data Tools: Pandas, NumPy, Matplotlib, Data Cleaning, Feature Engineering

Tools: Scikit-learn, Jupyter, Google Colab, Streamlit, Git, GitHub, VS Code

PROJECTS

Krishi Sathi – AI Agriculture Chatbot

- Developed an AI chatbot to assist farmers with crop-related queries using NLP
- Processed user input and generated relevant responses
- Built a simple interface for real-time interaction

Sentiment Analysis for Depression Detection (ML Web App)

- Built a machine learning model to classify depressive sentiment from text
- Applied TF-IDF, tokenization, and preprocessing techniques
- Deployed using Streamlit with an interactive interface

MindEase – AI-Powered Mental Wellness Web Application

- Developed a wellness platform with mood tracking and AI-based features
- Integrated analytics, reminders, and habit tracking system
- Designed and deployed a responsive web application

Jal-Drishhti – Intelligent Route Optimization System

- Implemented A* algorithm for optimal pathfinding and navigation
- Developed backend using Flask API for route computation
- Built an interactive dashboard for route visualization and comparison

EXPERIENCE

Data Science Intern – CodeAlpha | Oct 2025 – Nov 2025

Worked on ML models using Python and Scikit-learn
Performed preprocessing, feature selection, and evaluation
Built classification and prediction-based mini projects

Technical Intern - SecureHack, Mohali | Jul 2022 – Mar 2023

Assisted in technical workflows and web-based platforms
Worked with structured data for tracking and system handling
Supported technical processes and team operations

EDUCATION

Uttaranchal University

Master's of Computer Application in AI and ML (CGPA: 7.5)

Aug. 2024 – May 2026

Dehradun, Uttarakhand

Amritsar Group of Colleges & Engineering

Bachelor's of Computer Application (CGPA: 7.64)

July. 2020 – May 2023

Amritsar, Punjab
